Section 2. Approval of Governing Board. No renting of any land or structure shall be allowed unless the prior written consent of the Governing Board is obtained. However, the Governing Board shall approve the rental of a home during the temporary good faith absence of the owner. All rentals must be approved by the Governing Board on an annual basis.

Section 3. Tenants subject to rules of the Cooperative. In the event that a rental contract is approved, the owner or joint owners are responsible for all conduct of the tenants and all tenants shall be subject to all rules and restrictions of the Cooperative. Board policy shall also create exceptions in the case of clearing necessary for a food garden or for production of solar energy, as long as the area impacted is below a threshold set in policy, and Board policy may create exceptions for other purposes. In areas where exceptions are not applicable, 80% of all land area in each acre must be left in a natural state except for brambles, poisonous plants, dense vines, and use-inhibiting vegetation, as defined by the Governing Board of the Cooperative and applied by the tree protectors on a case-by-case basis. In the event of a denial of authorization by one tree protector, authorization may be obtained from two other tree protectors.
